

Medical Directive

Directive Number	<u>17-05</u>
Publish Date	<u>24 August 2017</u>
Effective Date	<u>31 August 2017</u>
Subject	<u>Change of Physical Transport Destination for SPED Patients</u>
Update to Clinical Operating Guidelines v 03.08.17	

Credentialed System Responder	Information
Credentialed EMT (Medic 1)	Action
Credentialed EMT-Intermediate	Information
Credentialed EMT-Paramedic (M 2)	Action
Credentialed EMD	Action

The Office of the Medical Director has been advised by Dell Seton Medical Center at UT that **effective August 31, 2017 @ 0700** all psychiatric patients that were previously transported to the SPED, physically located on the old Brackenridge Hospital campus; will now be transported to the new Dell Seton Medical Center at UT. The SPED will now be housed at this new location within the Dell Seton Medical Center at UT.

The attached Transport Grid CR-13 has been updated to reflect this change. Please begin transporting psychiatric patients to the new location on the effective date and time. Patients will no longer be received at the Brackenridge Hospital location after that date and time.

Thanks for all you do. Questions relating specifically to the COGs can be sent to cogs@austintexas.gov
